Zebra's new 105SLPlus™ printer builds on the success of the 105SL™, providing more connectivity options, improved ease of use and faster throughput. The 105SLPlus continues to offer incredible reliability and durability, making it an ideal choice for economical, high-performance printing in 24/7 environments.

The Zebra 105SLPlus provides many new benefits:

- **Multiple connectivity options**, including standard ZebraNet® 10/100 Print Server, USB 2.0, parallel and serial connectivity, making integration fast and simple
- **Increased print speeds** to support high-volume applications
- **Improved performance and increased storage** by leveraging the proven Xi4™ electronics platform
- **Simplified operation** with a graphical, customizable front panel LCD display
- **Faster media changes** thanks to an improved spindle design

Zebra's 105SLPlus is an excellent choice for customers requiring high-volume, reliable printing with the features needed for many markets and applications. ***If you would like to see a complete manufacturer specification sheet or wish to receive a demonstration model, please call A Bar Code Business, Inc. at 800-644-0077.***
